UNDER MARTIAL LAW.

Rebellion Breaks Out In Spanish Capital.

MANILLA'S FALL CAUSED IT.

The Old Monarchy Seems to Be In Great Danger.

INTERVENTION IS HOPED FOR.

Dons Think Their Honor Is Amply Vindicated and They Are Now Anxious to Give Up the Unequal Contest and Quit the Briny Deep.

Madrid, May 3.—Martial law has been proclaimed here. The customary proclamation was posted at midnight.

Military patrols appeared in Puerto del Sol, the principal square of Madrid, immediately.

The proclamation was due to the attitude of certain political parties since

DEWEY, THE HERO OF MANILLA. The news from Manilla. The whole garrison is ready in the barracks.

Germany to Spain's Rescue. Shanghai, May 3.—The German warship Gefion has left Kiaochow for Manilla. This, with the Irene, now en route from Nagasaki, will make three German warships in the Philippines. The last official statistics show about 100 Germans in Manilla.

This Is Very Significant. New York, April 3.—The central cable office of the Western Union Telegraph company issued the following notice: "We are officially advised by the Eastern Extension company that the cable between Hongkong and Manilla is interrupted."

Dewey Demands Surrender. Madrid, May 3.—El Liberal says Commodore Dewey of the United States squadron in the Philippines has demanded the surrender of all Spanish vessels in the Archipelago, threatening to bombard the ports if the demand is refused.

Another Spanish Defeat. Vienna, May 3.—No agreement has been arrived at between European powers for mediation at any future time. There is a disparity of views such as makes co-operation of all six powers in any diplomatic step highly improbable.

German View of It. Berlin, May 3.—It is believed in political circles here that America has gained the prize she really had in view, having promised not to annex Cuba, but giving no promise as to Philippines.

Battering the Forts. Hongkong, May 3.—Commodore Dewey's fleet is off Corregidor island, hotly engaged with the forts there. Electrical experiments show that the cable has been cut at or near Manilla.

Augusti Must Surrender. Madrid, May 3.—Dewey gave Augusti 24 hours to comply with ultimatum, demanding all stores and coal. It is believed the government has cabled Augusti to comply.

What Was Heard at the Palace. Madrid, May 3.—Sagasta went to the palace to communicate dispatches announcing that the town of Cavite had been razed and the unfortified part of Manilla burned.

Will Require a Scapegoat. Madrid, May 3.—Governor Agullera's entire energy is required to watch popular feeling. The people are certain to require a propitiatory scapegoat.

Will Question the Government. Madrid, May 3.—Romero Robledo will question the government in the cortes on the events at Manilla. Important results are expected.

Fired Petroleum Bombs. Madrid, May 3.—The Americans fired petroleum bombs. An extraordinary cabinet council was convoked at 7 o'clock p. m.

It Was a Surprise, Eh? Madrid, May 3.—The people's minds are too full of disaster to think of anything but avenging the surprise at Manilla bay.

Mines Were Useless. Madrid, May 3.—The half-breeds at Manilla arsenal, insurgents at heart cut the cables connecting with submarine mines.

Hope For Intervention. Madrid, May 3.—All classes, especially politicians, hope for intervention of continental powers, especially Germany and Russia.

Not as Long as England Says "No." Vienna, May 3.—It is positively stated in well informed circles that the powers will not intervene at the present juncture.

Still Cruising. Gibraltar, May 3.—Spanish torpedo boats are still cruising in the straits of Gibraltar and adjacent waters.

"Not Victory, but Annihilation." London, May 3.—The Daily Mail, in an editorial on the engagement at Manilla, says: "It was, in Nelson's words, 'not victory, but annihilation,' and it proved Commodore Dewey a worthy disciple of the heroic Farragut. It is characteristic of the American race to be generous to the weak, and as the President is averse to useless bloodshed he will doubtless meet Spain, whose honor is now saved, in a generous spirit."

Balfour's Information. London, May 3.—In the house of commons, Dr. A. J. Balfour, the government leader and first lord of the treasury, answering a question on the subject, said the government had received information pointing to a serious battle at Manilla, and the destruction of a portion of the Spanish fleet. He added that a British warship was on her way there, explaining that anything the government can do to preserve British lives and interest will be done.

Tribute to Gomez. Haverhill, Mass., May 3.—William C. Frost has returned to his home in this city, after a six months' visit to Cuba. During the time, he was engaged in filibustering, was twice arrested and confined in Morro castle, and also spent two weeks in the camp of General Gomez of the insurgent army. In speaking of the insurgents, Mr. Frost says: "Gomez is king. His word is law, and it is enforced with an iron hand."

German Press Is Bitter. Berlin, May 3.—A German official connected with the foreign office states that German intervention even in an extreme case is not to be thought of. It would be possible, he said, only if certain complications in the east should arise. The bitterness of the German press against America is on the increase, but the government is friendly.

Manila Disaster Discussed. London, May 3.—The Spanish cabinet, according to a special dispatch from Madrid, sat for four hours, and only discussed the Manila disaster. The discussion, it is added, showed the Spanish ministers are "now fully aroused, and will exhaust their resources in defense of the national honor."

Congratulations From Parnellites. London, May 3.—The Parnellite members of parliament have sent the following dispatch to President McKinley: "In the names of millions of Irishmen, the Parnellite members of the house of commons send you their congratulations on the brilliant victory of the American fleet."

May Go to Philippines. Denver, May 3.—According to Colonel W. J. Volkmar, adjutant general of the department of the Columbia volunteers raised in the states west of the Missouri river, will probably be sent across the Pacific ocean to hold the Philippine islands.

Weyler Causes Trouble. Madrid, May 3.—General Weyler, whose popularity is increasing, will also provoke a debate in the senate.

Ireland Is Divided. London, April 3.—A canvass shows that the north of Ireland (Orangemen) are in sympathy with America, while the south of Ireland are frantically, almost to a man, in sympathy with Spain and ready to fight for her. Scotland is solidly for America. In England the Nonconformists are solidly pro-American, while 90 per cent of the Roman Catholics are pro-Spanish in all cases.

Several Lives Lost. St. Louis, May 3.—The police have the reports of the loss of several lives on the Mississippi river during the storm. Four or five skiffs upturned were seen floating down the river and two skiffs occupied, the occupants screaming for help.

IT WAS A BIG SURPRISE.

That Is Excuse Given For Defeat of Spaniards.

LOOKED FOR THE AMERICANS

Then They Got Behind the Forts For Protection.

BUT THEY WERE UNPROTECTED.

As the American Fleet Entered the Bay the Forts Opened Fire on the Ships, but No Attention Was Paid to the Poppin Batteries of Spain.

Manilla, May 3.—The Olympia, the Boston, the Raleigh, the Concord, the Petrel and the Monocacy entered the bay under cover of darkness by the smaller and safer Bocachica channel.

The forts of Corregidor island gave the alarm by firing on the intruders, but they seem to have inflicted no serious damage.

The American squadron moved up the bay, and at 3 o'clock in the morning appeared before Cavite.

Here, lying under the shelter of the forts, was the Spanish squadron.

Admiral Montejó, a few days before, went to Subic bay to look for the enemy, but learning that they were vastly superior in force had prudently returned and placed his ships under the protection of the forts.

This was his only chance of meeting the enemy on something like equal terms, and it did not suffice.

Soon the Americans opened fire. The Spaniards replied vigorously, and the combat continued without interruption for four hours, during which the Don Antonio de Ulloa was sunk, the Castilla and Mindanao were set on fire, and the Reina Maria Christina and the Don Juan de Austria were seriously damaged.

One or two of the smaller craft were scuttled by their crews to escape capture. Others took refuge in a small neighboring creek, emptying into Piker bay, where, presumably, the American ships were unable to follow them. But not one surrendered.

HAD A CONSULTATION. Captains Evans and Taylor Go on Board Flagship New York.

On Board the Flagship New York Off Havana, May 3.—The blockade of Havana continues. The United States fleet is somewhat concentrated, lying about 10 miles off Morro castle.

The cruiser Montgomery and the tug Osceola have just arrived from Key West. The Iowa, Indiana, Detroit and Mayflower are lying close to the flagship New York. The Mayflower is going back to Key West.

The weather is fine and a stiff breeze is blowing. Captains Evans and Taylor came on board the flagship during the day and had a consultation with Rear Admiral Sampson and Captain Chadwick.

The British steamer Strathdee, Captain Currie, from Progress to Sagua La Grande, in ballast, was made to heave to at 1:30 a. m., after two shots had been fired from the flagship. The Strathdee was boarded, proved her identity and was allowed to proceed, as Sagua La Grande is not a blockaded point. Captain Currie said he was stopped before during the night.

DEWEY'S DEMANDS. He Asked For Surrender of Torpedoes and Guns at Manilla. London, May 3.—The British governor of the Straits settlement, Lieutenant Colonel Sir C. B. H. Mitchell, has sent a cable dispatch to the colonial office here saying the United States fleet "annihilated" the Spanish fleet in a two hours' engagement.

The dispatch adds that Commodore Dewey demanded the surrender of all the torpedoes and guns at Manilla, and the control of the cables under pain of bombardment. General Augusti, the Spanish governor general, refused to surrender them, and it is supposed the bombardment of Manilla is now proceeding.

The Flag Floats Over America. Washington, May 3.—Admiral Dewey's great naval victory has made a deep impression upon the European powers, who can now no longer afford to blind themselves to the fact that, man to man, the American navy is equal to any in the world. There was no exhibition, such as was sneeringly predicted in the European press, of weakness in the American fleet caused by the fact that it was of heterogeneous composition. It is safe to say that after the battle at Manilla the European powers will conclude that the American flag always floats over the American crew, regardless of the na-

tivity or racial descent of the men who fight the guns.

Manilla Was Dewey's Trafalgar. Indianapolis, May 3.—Admiral George Brown speaks in the most enthusiastic terms of Commodore Dewey. "Why," said the admiral, "I may say that I brought him up. I have known him since he entered the Naval academy in 1854 or 1855. What a chance he had! But he was equal to it. The fight at Manilla was his Trafalgar. More fortunate than Nelson, he will live to enjoy the honor he has won."

Cuban Cavalry Regiment. Tampa, Fla., May 3.—Two hundred native Cubans, who have been quietly enlisted in New York city by General Julio Sanguilly, have arrived at Tampa. They will be formed into a cavalry regiment, and, under the leadership of the famous Cuban who enlisted them, will probably embark for Cuba with the American troops. The rest of the regiment will be made up of Cubans from Tampa and vicinity.

Expect to Hear From Japan. Washington, May 3.—It is expected that the Japanese authorities will receive early official information of the battle at Manilla. They have a consul there, and under the system developed during the Japan-China war all military and naval operations are communicated at once to the admiralty office at Tokyo, and thence made known to Japanese officials throughout the world.

Ample Supply of Everything. Washington, May 3.—Naval bureau chiefs who have charge of equipping the fleets with ammunition and coal say that Commodore Dewey's engagement does not deplete his stock of projectiles, powder, coal and other necessary supplies to any serious extent, and that he has ample supplies of this vital character to carry on such further operations as may be necessary.

They Remembered the Maine. Chicago, May 3.—There was no happier man in Chicago than the usually undemonstrative Boatswain F. J. Larkin, survivor of the Maine. "They remembered the Maine," he said, jubilantly. "They remembered the Maine! I wish I could have been there myself."

The Yale Goes to Sea. New York, May 3.—The steamship Yale, formerly the American liner Paris, left her dock shortly before 6 p. m. under sealed orders.

Taking on Coal. Charleston, S. C., May 3.—The torpedo boat Rogers, from Norfolk to Key West, arrived here and will coal before continuing.

Ships Chartered. Washington, May 3.—Ships have been chartered for transporting troops to Cuba.

Spaniards Must Register. Washington, May 3.—The president has in preparation a proclamation, which will be issued within the next two or three days, specifically fixing the status of Spanish subjects and sympathizers in this country. All such will be required to register and furnish a certificate of good character; otherwise they will be expelled from the country.

Forced to Give Up His Command. Springfield, Ills., May 3.—Major Lawrence Ennis of the Seventh regiment, Illinois national guard, and former law partner of United States Senator Mason, was forced to give up his command by the decision of the war department, under which the regiment will be mustered into service in the two-battalion formation.

Dirigation. Next time you have a pain anywhere try dirigation. Dirigation, according to Professor Elmer Gates of Washington, is "the power of the individual to confine his consciousness exclusively to the sensations of any selected part of the body and by practice to send more blood to that part and alter therein the lymphatic and thermic functions."

This means that by concentrating one's thought, say, on one's hand for a given time one could, by practice, send more blood into it or withdraw unnecessary blood and also make it warmer or colder.

This is a scientific man's attempt to explain the mind cure. It is ingenious. Perhaps it is true. Who knows how much the concentration of the thought upon the toothless gums has had to do with the growth of new sets of teeth in old people? The next time one of these cases is discovered let the inquisitive scientist put these questions: "How long have you been thinking about your jaws as tooth producers? Have you not been hoping and perhaps expecting that you might get a new tooth or a whole set?"

Perhaps we are on the eve of discoveries that will make the doctor and dentist unnecessary. The twenty-first century man may acquire powers such as the humble lizard now possesses. He may be able to replace lost hair, teeth and even more important organs by dirigation.—St. Louis Post-Dispatch.

A WOMAN IN THE CASE.

Rushville (Ind.) Man Shot and Instantly Killed.

THE MURDERERS ESCAPED.

Bloodhounds Were Put on the Trail, but For Some Reason They Could Not Follow It—A Very Disreputable Crowd.

Rushville, Ind., May 3.—Jacob Peck-Inbaugh was shot and killed in an abandoned house on the outskirts of the city by Jacob Cleary.

The murder was the result of a quarrel over a woman named Cora Devers, in which Will Stillings also took part. About 10 shots were fired.

Cleary and Stillings escaped, and bloodhounds were put on their trail.

The Devers woman barely escaped lynching. She had gone to a resort with several young men.

BIG CROWDS. Visit the Indiana Soldiers at Camp Mount—A Fatal Accident.

Indianapolis, May 2.—Excursion rates on all railroads, coupled with the presence of the Indiana national guard, brought 300 cars on all lines with about 23,000 strangers to the city. Over 50,000 visited Camp Mount during the day.

The weather was propitious during the entire day and towards evening the Union station and surroundings were packed by an indescribable mass of humanity, station officers experiencing at times serious difficulty in steering strangers to their homebound trains.

William Archer of Perth, Ind., was killed by a street car in the jam at Camp Mount.

Railroads Disagree.

Anderson, Ind., May 2.—Fifty Indiana Midland railway section men and tracklayers, 100 Big Four employees and a force of city policemen are camping at the Big Four-Panhandle crossing in this city, keeping tab on each other. The Midland is trying to effect a crossing and get out of the city to connect with its Muncie extension. To do this it is necessary to cross Big Four property and lay tracks for several rods on Big Four right of way. The Big Four refuses to permit this.

Young Man Murdered.

Rushville, Ind., May 2.—Jacob Peck-Inbaugh, one of the best known young men of this city, was shot through the heart and almost instantly killed by Jacob Cleary and Will Stillings, who are also well known young men of Rushville. A woman was the direct cause of the tragedy, and she barely escaped lynching, a fate which will likely befall Cleary and Stillings, if they fall into the hands of the mob now pursuing them. The woman's name is Cora Devers.

An Explosive Bullet. Anderson, Ind., May 2.—Alfred Weed, inventor of the machine for cutting files, has made application for patents covering a new bullet. It is of a conical shape and so arranged that after it enters a piece of flesh it will draw it together behind and cause an explosion. To local enthusiasts he demonstrated the terrible effect by shooting one of the bullets into a 6-pound piece of meat. It was torn into shreds. The bullet used was of size 32.

Hoosier Town Burned.

Loogootee, Ind., May 3.—A destructive fire broke out here, destroying about 18 houses in the business part of the town. Loss about \$70,000. The heaviest losers are W. O. Rogers & Sons, dry goods and groceries, and Huabe, Shirey & Company, hardware merchants, and several others.

Nearly Cremated.

Evansville, Ind., May 2.—Mary Komischer, the adopted daughter of Henry Komischer, set fire to her father's barn and was nearly cremated. She was arrested and brought here. She is thought to be crazy and is about to become a mother.

Neutrality Not Declared.

Washington, May 3.—It turns out that while Japan has given notice that she will declare neutrality, a decree of neutrality is not yet actually issued, so that Yokohama and other advantageous ports of Japan continue to be open to the American fleet. This is looked upon by the authorities here as an evidence of the friendly disposition of Japan toward the United States. It leaves both the ports of China and Japan still open to our ships. When the Japanese decree of neutrality is issued there is strong hope, based upon reliable information, that it will contain what is known as a "hospitable coal clause."

A Good Night's Sleep.

Hawarden, May 3.—The physicians announce that Mr. Gladstone is not very comfortable, but he is not suffering pain and had a good night's sleep.

UP TO DATE.

Manila has fallen. Commodore Dewey by sea and the insurgents, under Aguinaldo, by hand have conquered the capital, and the Philippines are in American hands. The alternative Dewey gave to Polaveija was bombardment of the city and twenty-four hours was given for an answer. General Augusti, in command of the land forces at Manila, cabled his government for instructions, and as a result an answer directing the refusal of Dewey's demands was sent and the city was bombarded. The people, including Governor Polaveija, fled to the hills. The city was then shelled till the batteries were silenced and the town was in flames and the flag of surrender run up on its forts. Admiral Montejó is reported to have been made prisoner.

WHATEVER else may be said of the fracas in Manila harbor Sunday, it is conceded on all sides that Commodore Dewey thoroughly understands his business.

THE Louisville Dispatch thinks the man who is clamoring for a better war song than "Dixie" will never find any martial music that will screw his courage up to the sticking point.

IN the thickest of battle Kentuckians will always be found at the front. There were at least two representatives of this grand old Commonwealth before Manila Sunday who helped to make that day a glorious one for the people of the United States.

THE Lexington Leader was ten years old Sunday, and it gave its readers on that day an exceptionally good paper in the way of an anniversary edition. The Leader has always been a good paper, but like other things we know of, it improves with age.

Sunday School Convention at Shannon.

The Mason County Sunday School Union will hold a convention at Shannon Church on Sunday, May 8th, at 2:30 o'clock. The following speakers will be in attendance and talk on the following subjects:

Elder Geo. P. Taubman—"The Teachers' Responsibility."
Rev. William H. Calvert—"The Church's Opportunity in the Sunday School."
Elder T. P. Degman—"The Sunday School Our Evangelizing Agency."
Rev. J. D. Redd—"The Teacher as a Soul Winner."

The music will be in charge of Miss Anna Evans, of Mt. Vernon, assisted by the best musical talent from Mayslick. All taking an interest in Sunday school work are cordially invited to attend.

River News.

The river is falling very fast at this point.

The Virginia will pass up to-night for Pittsburg and the Lizzie Bay for Pomeroy.

The towboat Relief, which left Pittsburg Friday, got into trouble at Merriam. She hit the bar and damaged some of her barges. The James Moren went to her assistance and succeeded in keeping them afloat.

Superintendent Ellison, of the Pittsburg and Cincinnati Packet Line, was at Pittsburg last week to arrange for the running of the Keystone State, which has been on the Manchester ways for the past three weeks, and is now ready to take her place in the trade.

ICE cream soda water at Henry W. Ray's Postoffice Drug Store to-day.

Excursion to Cincinnati.

THE first two-day excursion of the season to Cincinnati will run under the auspices of the Knights of St. John May 4th, good returning May 5th, on account of the German and Irish fair to be held at Music Hall. Don't fail to see this grand display. Also great ball game Cincinnati vs. St. Louis. Fare round trip \$1.25, good going on trains 17 and 19, returning on 18 and 20 the following day.

Millions Given Away.

IT is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on J. James Wood, druggist, and get a trial bottle free. Regular size 50 cents and \$1. Every bottle guaranteed, or price refunded.

MAYBE THEY'LL SNUB LEE.

McKinley Believes There is Great Danger in Making the General a Popular Hero.

[Louisville Dispatch.]

WASHINGTON, May 1.—President McKinley is now considering the military appointments which will be sent to the Senate this week. The increase in the regular army and the enrollment of 125,000 volunteers puts a large number of appointments at the President's disposal. He will have to select 334 officers for the volunteer army alone. While Democrats may be chosen for a few of the smaller places, pressure upon the President to give practically all the best positions to Republicans is too powerful for him to resist.

The commissioned officers of the volunteer army include twelve Major Generals, thirty-four Brigadiers, 100 Majors, 147 Captains and sixty-eight First Lieutenants.

There are two opinions as to the disposition to be made of Fitzhugh Lee in connection with the volunteer army. One set of politicians very close to the President say that Lee will be made a Major General. Another set equally as close to the administration say that Lee will be ignored and that the only ex-Confederate to receive a Major Generalship will be Joe Wheeler, of Alabama.

The Republicans are circulating a story to the effect that the Populists and Silver Democrats are exerting their influence to prevent the recognition of Gen. Lee. It is claimed they fear he will prove to be such a hero if commissioned that he will be nominated for President over Bryan in the Democratic convention in 1900. This, of course, is the veriest rot. The Silver Democrats and the Populists are not opposed to Gen. Lee's appointment as a Major General. On the contrary, they are anxious to see him appointed.

The truth of the matter appears to be that President McKinley is averse to giving Gen. Lee any chance to distinguish himself during the war if there should be any fighting in which the American troops are involved.

If you are a close buyer and want to save money, here's something that will interest you. Two hundred bushels of Chesapeake coal will last longer, give less ashes and better satisfaction in every way than any other coal ever brought to Maysville. THE one hundredth anniversary of the insurrection in Ireland against the oppressive English rule existing at that time was celebrated in fitting style at the Cincinnati Music Hall Sunday night. The occasion served as a commemoration of the brave martyrs who died in Ireland's cause in 1798. The celebration was arranged for by those having in charge the German-Irish fair. A large audience was present.

THE Board of Directors of Ruggles Cany Grounds held a meeting Thursday and decided to rebuild and modernize the hotel. It will be enlarged, so as to afford plenty of room for guests this year—a feature the management have not been able to offer heretofore, on account of the ever increasing patronage at this popular resort. A new stable has also been built and other improvements made to the grounds.

THE building occupied by the Red Skin Tobacco Factory, in the rear of the BULLETIN office, now being practically rebuilt, has reached sky-high proportions and will soon be finished. It is surprising what a nice house has been made of a structure that seemed ready to tumble down at any time. One of the workmen yesterday made a very narrow escape for his life. A large timber fell from the very highest point of the building and came within a few inches of striking him on the head.

A VERY delightful event in the young folks' circle during the past week was the party given last Saturday afternoon by Miss Willard F. Jefferson, who entertained a large number of friends in a charming manner at her beautiful country home near Mayslick, in honor of her eleventh birthday. Games and music occupied the happy hours, and a delicious repast was served. All present thoroughly enjoyed the occasion. Among those invited from Maysville were Ellen and Agnes Shanklin, Josie Killpatrick, Allie James and Preston and Alice Parker.

PLEASING PROGRAM.

Delightful Recital by the Misses Holton at the Home of Their Parents, Mr. and Mrs. John B. Holton, of the County.

The second annual recital in voice, piano, oratory and German given on Saturday afternoon last at the home of Mr. and Mrs. John Bacon Holton by their daughters, Helen, Mary and Margaret, assisted by their governess, Miss Ruth Adams Woodwell, was a very much enjoyable occasion. The highly creditable manner in which each of the young ladies acquitted themselves in their various roles showed a high degree of native talent, and reflected high honor upon their well trained and cultured teacher.

Miss Woodwell is a lady of rare and excellent attainments. Having been educated in the schools of Lynn and Boston, Massachusetts, and with an experience of a dozen years or more as teacher, she excels in her profession. Her recitation of "How Ruby Played" and the "Two Boot Blacks," were rendered with unusual grace and finish and were fully up to the high standard of the Emerson College of oratory where she was a student. Miss Woodwell will leave for her home in Massachusetts after the first of June, returning next fall to resume her position of governess with Mr. and Mrs. Holton.

In addition to the literary and musical program of the recital which is published in full herewith, were dainty and abundant refreshments served by the cordial host and hostess. The many friends of Mr. and Mrs. Holton, Miss Woodwell and the young Misses, who were fortunate guests at their entertainment will treasure it long as an affair of delightful memory.

A MIRROR could not lie if it wanted to. The glass has nothing to gain by flattery. If the roses of health and plumpness of beauty are leaving your face, your mirror will tell you so. Health is the greatest beautifier in the world. When a woman sees the indications of ill-health in the face, she may with almost absolute certainty look for the cause in one or both of two conditions—constipation and derangement of the organs distinctly feminine. Dr. Pierce's Favorite Prescription will cure permanently and positively any so-called "female complaint." Dr. Pierce's Pleasant Pellets will cure constipation. There is no reason in the world why a woman should not be perfectly healthy. She will gain in health, strength and flesh. Hollows and angles will give place to fullness and grace. She will be that noblest and most beautiful of all creation—a perfect woman.

The C. and O. stock pens in the Fifth ward was brought up again and committee reported that the railroad officials would give it their attention. Continued.

Dr. Thomas Smith and Mr. Crowell, who have had charge of the fountain, made a report to Council last night and lack \$343.25 of having enough to pay for it. Some of the Council thought the city ought to make good the deficiency, some thought otherwise, so matter was re-

ferred to the Committee on Proposition and Grievances.

Chief of Police reported the collection of \$193.70 pole tax and \$10.41 on real estate.

The city pension list was revised last night some of the old ones being scratched off and some new ones added.

Mr. Blatterman stated that on the occasion of the meeting of the Grand Commandery in this city on the 18th and 19th of May, the Louisville, Covington, Newport and Cincinnati commanderies would be here on some of the large packets asked that the Mayor be requested to notify the Wharfmaster to suspend the collection of wharfage. GENERAL WALCUTT DEAD.

Acute Gangrene, the Result of a Wound, Was the Cause.

Omaha, May 3.—General Charles C. Walcutt of Columbus, O., died at St. Joseph's hospital Monday afternoon at 3:30 o'clock. General Walcutt came here about six weeks ago to visit his sister, Mrs. F. P. Mills. He was attacked by acute gangrene in the leg, the outcome of a wound received in the civil war. His leg was amputated about two weeks ago, but the disease was too far advanced.

General Walcutt was the youngest of the major generals of the volunteer army. After the war he was a lieutenant colonel of the Tenth cavalry, but resigned. His son, Charles Carroll Walcutt, Eighth cavalry, United States army, is in the city, and will accompany his father's remains to Columbus.

Showing Their Interest.

London, May 3.—On the subject of Catholic opposition to America The Daily Mail says: "It is largely due to distinguished members of the Roman Catholic aristocracy and to the Catholic prelates of the United Kingdom and Ireland that a slight sympathy for Spain has been worked up during the past few days. The priests and people alike are intent on showing their interest in the country which is a firmer stronghold of the church than Italy, and great efforts are making to influence the trend of public opinion. This fact, and the strong Irish feeling, explains why so few Nationalist members of the house of commons have spoken publicly in favor of the United States. Messrs. Redmond and Dillon have spoken; but the latter was immediately attacked by probably the most widely circulated Catholic organ in England, The Catholic Times."

Victory For Whisky Trust.

Chicago, May 3.—The United States circuit court of appeals decided in favor of General John McNulta the suit of Dennehy & Company and Moses Solomon against General McNulta, as receiver of the whisky trust. The decree of the circuit court is affirmed. Dennehy brought suit as a test case against the trusts for rebates, which it is claimed had not been paid them as agreed. The decision upholding the circuit court is considered an important victory for the trust.

Organizing the Troops.

Chattanooga, May 3.—Comparative quiet continues with the army in Chickamauga park. No new orders of importance have been received and nothing which indicates an immediate removal can be noticed. Hard drilling and the work of thoroughly organizing the various regiments and divisions goes steadily on. The First regiment of cavalry, composed of 700 men, is spending the day getting in shape for exhibition Tuesday under its commander, Colonel A. K. Arnold.

Regiments at Tampa.

Tampa, Fla., May 3.—Eleven regiments of infantry, one of cavalry and 10 light batteries of artillery are now concentrated at Tampa and Port Tampa, making a force of about 7,000 men. This force will be augmented in the near future by at least two regiments of cavalry. The troops now here are the First, Fourth, Sixth, Seventh, Ninth, Tenth, Thirteenth, Seventeenth, Twenty-first, Twenty-third and Twenty-fourth infantry and the Ninth cavalry.

Thanks to Dewey.

Washington, May 3.—Representative Livingston of Georgia has introduced this resolution in the house:

Resolved, That the thanks of congress be and are hereby tendered to Commodore George Dewey, commanding the Asiatic squadron, for the eminent skill and valor exhibited by him and his squadron in the recent engagement resulting in his glorious victory over and the destruction of the Spanish fleet at Manila.

Will Leave For Cuba.

Tampa, Fla., May 3.—A rumor is in circulation here that 5,000 troops and as many Cubans as the Cuban junta can gather here will leave Tuesday night for Matanzas for the first invasion for Cuba. Transports are expected Tuesday.

Not Such Report Sent.

Berlin, May 3.—The German government has not notified the government at Washington that it would not tolerate the bombardment of Manila, as Madrid has reported. It has sent no protest or anything of the kind.

To Destroy Merchant Vessels.

Madrid, May 3.—The Imparcial advises the government to arm all the available shipping and convert the vessels into an auxiliary fleet for the purpose of capturing and destroying American merchant vessels.

Feeling Against English.

Cadiz, Spain, May 3.—Strong anti-English feeling prevails here, and in consequence English yachtsmen are evading this port, going to Lisbon instead. All ship movements are studiously concealed.

Headed for Portland.

Portland, Me., May 3.—The United States cruiser Columbia was sighted from the Portland observatory at 8:30 a. m. off Richmond's island, heading for Portland harbor.

Demonstration Expected.

Key West, May 3.—A demonstration by the fleet off the coast of Cuba is expected soon. A howling gale is now blowing and the sea is running high.

THE EXCELLENCE OF SYRUP OF FIGS

is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

A Clever Trick.

It certainly looks like it, but there is really no trick about it. Anybody can try it who has lame back and weak kidneys, malaria or nervous troubles. We mean he can cure himself right away by taking Electric Bitters. This medicine tones up the whole system, acts as a stimulant to liver and kidneys, is a blood purifier and nerve tonic. It cures constipation, headache, fainting spells, sleeplessness and melancholy. It is purely vegetable, a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 50c. a bottle at J. Jas. Wood's drug store.
